Annex: Application Form for a Registration Certificate (Food Processing)	8

1. Introduction

The Registration Certificate (Food Processing) has been introduced to promote global value chain through the cultivation and importation of agricultural products to be used as raw materials for processing into intermediate and finished products and to encourage re-export activities.

2. Qualifying Criteria

- 1) A company operating a food processing plant for food processing activities and for the manufacture of products from agricultural and medicinal plants and herbs either as intermediate goods or finished products, will be eligible to benefit from this Scheme provided that the company has been incorporated **on or after 8 June 2017**.
- 2) Goods are required to be produced by a process involving a value-addition of not less than 20% of the ex-factory costs of the finished product. Goods intended for export are required to satisfy the rules of origin of preferential markets.
- 3) The company must ensure that at least 50 per cent of the final products manufactured by the company are exported, after 2 years as from the date from which the company starts its operation.

3. Incentives

Qualified applicants will benefit from the following incentives:

-  Income derived by a holder of a Registration Certificate shall be exempt for a period of 8 income years as from the income year in which the company starts its operations.
-  Exemption from payment of Registration Duty and Land Transfer Tax for the purchase of immovable property
-  Exemption from payment of value added tax on equipment and machinery.

4. Application Procedures

- Submit application with relevant documents on foodprocessing@edbmauritius.org .

Within 3 months of the date of receipt of the completed application, a site visit will be conducted and a Technical Committee will be held with key stakeholders prior to seeking approval of the Board of the Economic Development Board.

4.1 Documents Required

The applicant should submit the following documents:

- a) Application form, duly filled-in
- b) Business plan (*highlighting background and experience of promoter, a clear description of business activity including details about the different production process stages, projected investment, employment creation, project financing details, financial forecast, targeted export market, sourcing country for raw materials, indicative list of equipment and machinery*)
- c) Site plan and location
- d) Costing certified by a qualified accountant to justify the percentage of value-addition

Note:

The value-added formula for calculating the value addition is as follows:

$$\text{Value added} = (\text{Ex-factory Cost} - \text{Total CIF value of materials}) / \text{Ex-factory Cost} * 100\%$$

Application Process

4.2 Issuance of the Registration Certificate

Once an application has been approved, the Economic Development Board will issue a Registration Certificate (Food Processing) in favor of the company as per Section 13 of the Economic Development Board Act 2017 and in compliance with regulations made by the Minister under section 40 of the Economic Development Board Act 2017.

4.3 Claiming of incentives

The Applicant will be required to present the Registration Certificate (Food Processing) to the relevant governmental agencies to benefit from the incentives under the Scheme.

5. Reporting

The holder of a Registration Certificate (Food Processing) will be required, in respect of every financial year, not later than 3 months after the end of that financial year, submit a report to the Economic Development Board stating

- a) the products manufactured;
- b) value addition percentage in respect of each product;
- c) production and export value;
- d) list of equipment acquired and exempted from Value Added Tax.

6. Deregistration

Where a holder of the Registration Certificate no longer satisfies the requirements of the Scheme, the Managing Director shall, as per Section 14 of the Economic Development Board Act 2017, deregister the company and notify the governmental agencies accordingly.

In the event that a company ceases its activities within the eight-year period, all the incentives shall lapse as from the date of its deregistration and the company shall pay the proportionate duties and taxes as applicable.

7. Terms and Conditions

The Chief Executive Officer of the Economic Development Board reserves the right to reject and / or revoke any application, including successful ones, if the information contained therein is found to be incorrect or false or if there were information that were knowingly withheld from the Economic Development Board at the time of the application.
